PORTABLE AIR CONDITIONER MS 7911

COOLING CAPACITY: 1465W / 5000 BTU RATED POWER: 560W

DRYING CAPACITY: 14l/24h

VOLTAGE: 220-240V-50Hz PACKING DIMENSION: 347W x 377D x 864H (mm) N.W./G.W.: 18.5kg / 20.5kg

Producer ADLER EUROPE GROUP ADLER SP Z O.O. ul. Ordona 2A.01-237 Warszawa POLAND tel. +48 728 595 006 info@mesko.eu

ENERGY CLASS A

PORTABLE AIR CONDITIONER MS 7911

ENERGY CLASS A

mesko

3 in 1 cool-fan-dry

PORTABLE AIR CONDITIONER MS 7911

POWER 1465W

COOLING POWER 560W

COOLING CAPACITY 5000 BTU/h

WORK TEMP. 16-31°C

DRYING 14l/day

FAN - AIR FLOW 300m³/h

TIMER 24h

ENERGY CLASS A

mesko

cool-fan-dry 3 in 1

Power: 1465W

GB: Kapacitet do hladenia: 5000 BTU / hod... (English text describing cooling capacity, power, and dimensions).

F: Capacité de refroidissement: 5000 BTU / heure... (French text describing cooling capacity, power, and dimensions).

LT: Aušalinimo galia: 5000 BTU / valandą... (Lithuanian text describing cooling capacity, power, and dimensions).

RO: Capacitate de racire: 5000 BTU / ora... (Romanian text describing cooling capacity, power, and dimensions).

GR: Ηλεκτρονική ισχύς: 5000 BTU / ώρα... (Greek text describing cooling capacity, power, and dimensions).

RUS: Мощность охлаждения: 5000 BTU / час... (Russian text describing cooling capacity, power, and dimensions).

HR: Kapacitet hlađenja: 5000 BTU / sat... (Croatian text describing cooling capacity, power, and dimensions).

SK: Chladivá kapacita: 5000 BTU / hod... (Slovak text describing cooling capacity, power, and dimensions).

DK: Kølkapacitet: 5000 BTU / time... (Danish text describing cooling capacity, power, and dimensions).

D: Kühlleistung: 5000 BTU / Stunde... (German text describing cooling capacity, power, and dimensions).

E: Capacidad de enfriamiento: 5000 BTU / hora... (Spanish text describing cooling capacity, power, and dimensions).

LV: Dzīvēšanas jauda: 5000 BTU / stunda... (Latvian text describing cooling capacity, power, and dimensions).

BIH: Kapacitet za hlađenje: 5000 BTU / sat... (Bosnian text describing cooling capacity, power, and dimensions).

MK: Kapacitet za hlađenje: 5000 BTU / sat... (Macedonian text describing cooling capacity, power, and dimensions).

NL: Koelvermogen: 5000 BTU / uur... (Dutch text describing cooling capacity, power, and dimensions).

FIN: Jäähdytyskapaciteetti: 5000 BTU / tunti... (Finnish text describing cooling capacity, power, and dimensions).

I: Capacità di raffreddamento: 5000 BTU / ora... (Italian text describing cooling capacity, power, and dimensions).

UA: Потужність охолодження: 5000 BTU / год... (Ukrainian text describing cooling capacity, power, and dimensions).

PL: Wydajność chłodnicza: 5000 BTU / godz... (Polish text describing cooling capacity, power, and dimensions).

P: Capacidade de refrigeração: 5000 BTU / hora... (Portuguese text describing cooling capacity, power, and dimensions).

EST: Jäähutusvõime: 5000 BTU / tund... (Estonian text describing cooling capacity, power, and dimensions).

H: Külmapiiuvõime: 5000 BTU / tunni... (Hungarian text describing cooling capacity, power, and dimensions).

CZ: Chladicí výkon: 5000 BTU / hod... (Czech text describing cooling capacity, power, and dimensions).

SLO: Hladilna močnost: 5000 BTU / ura... (Slovenian text describing cooling capacity, power, and dimensions).

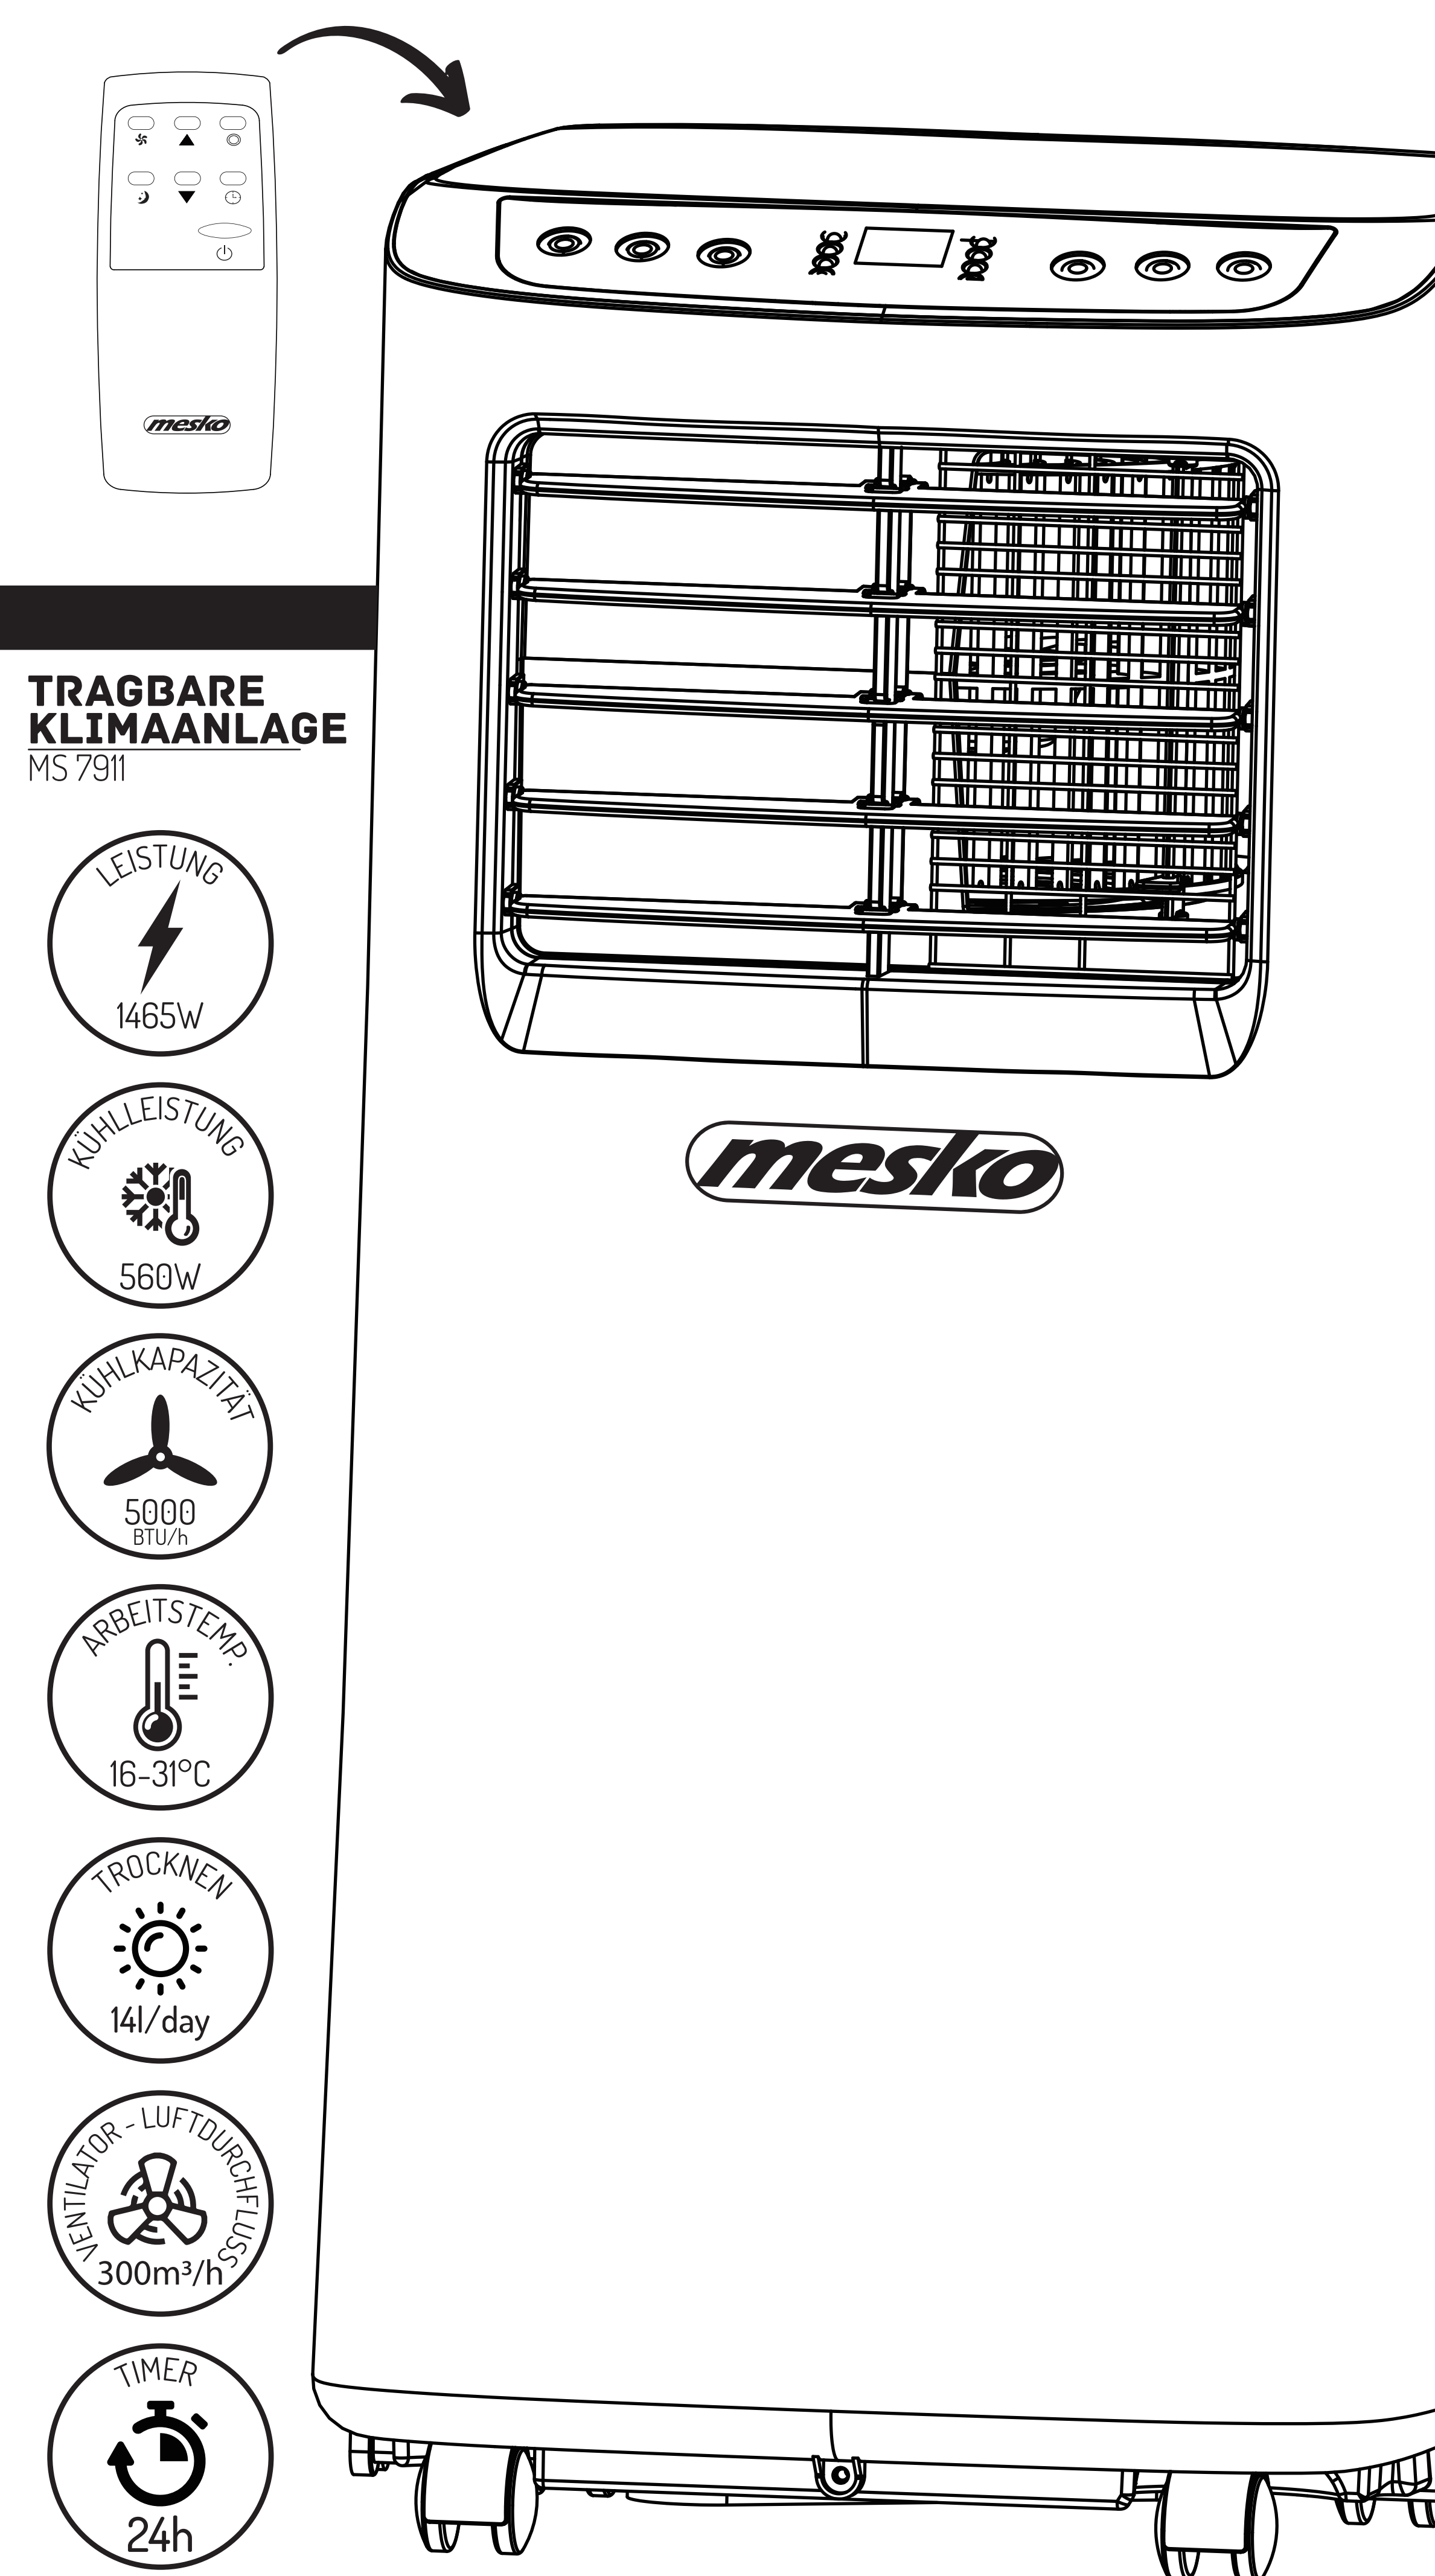

S: Kylaenergi: 5000 BTU / timme... (Swedish text describing cooling capacity, power, and dimensions).

SR: Kapacitet za hlađenje: 5000 BTU / sat... (Serbian text describing cooling capacity, power, and dimensions).
